

INTERNATIONAL ROAMING

Get the unique experience of international roaming with a Tata Indicom One World One Number T-SIM Card

Tata Indicom is the first telecommunication service provider in the country to introduce the unique experience of international roaming with a Tata Indicom One World One Number T-SIM card; a single T-SIM card that empowers you to switch between CDMA & GSM networks without having to use different SIM cards. Tata Teleservices Ltd. has a roaming tie-up with CDMA & GSM networks across more than 178 countries. Now the world is no longer CDMA or GSM but one world where you get to choose the best service provider without having to worry about CDMA or GSM.

Welcome to the world of truly international roaming with Tata Indicom "One World One Number".
